Major (B) Leow Nan Chung AMN

ORGANISING CHAIRMAN & AKARD CHAIRMAN

I feel humbled and honoured to be appointed the Organising Chairman for the 16th National AKARD awards Recognition Dinner.

To all awardees, we are proud of you, your achievement and your success. The recognition of all achievers of the 16th National AKARD awards will be a happy and glamorous event to remember. Tonight, Top 100 awardees are recognised in a grand dinner here in Putrajaya Marriott Hotel.

Wishing all awardees another successful year. Better your best. There is no limit to your achievement.

GUEST OF HONOUR

Insurance is important. It provides households and businesses the ability to remain financially resilient should the worse happen, yet many still perceive it to be too complex or unnecessary. The agency force continue to serve a key role in countering this misperception. Through your profession, you have all contributed to making an important difference in the lives of many individuals, families and business owners in the times they need it most. Addressing the protection gap in Malaysia is key to ensuring the well-being and resilience of households and businesses, and in turn the overall economy, is preserved.

Given the importance of the agency force as a key delivery channel, strengthening the professionalism of insurance and takaful agents to better serve consumers in Malaysia remains a key regulatory objective. Recognition programmes such as this promote the attainment of high standards of professionalism with the consumers' interests at heart, and serves as motivation to incentivise healthy sales practices by NAMLIFA members.

On behalf of Bank Negara Malaysia, I would like to extend my congratulations to all the recipients of the 16th National AKARD awards for your outstanding performance. Your efforts and dedication have surely contributed to reaching out to the broader segment of the life insurance and family takaful market. May you continue to strive for higher levels of customer service excellence for the betterment of all.

Lim Hsin Ying

We understand the importance to maintain the growth momentum by improving operational efficiency, boosting productivity, while customising products to meet evolving needs of the customers. CEO'S Message

Malaysian Takaful Association (MTA) is delighted to be a sponsor of the 16th National AKARD awards Recognition Night 2019. On behalf of the Takaful industry, my heartfelt congratulations to all award recipients. Your exemplary achievements truly deserve recognitions and celebrations.

MTA remains steadfastly committed to support the growth of the industry, working together with all stakeholders to increase the takaful penetration rate in Malaysia. The reason you are on the pedestal today is the very reason why we fully laud the importance of staying ahead of the curve; how technology and the digital revolution has affected lifestyle changes, social and economic changes, and how customers think and decide these days. New business opportunities come to those who adapt to these changes.

Your productivity and business transparency will give you the competitive edge whilst providing the platform for future sales as customers realise they are being looked after by true professionals dedicated to provide them with excellent service and appropriate advice. We are proud of how you have raised your capabilities with digital and social media skills to meet customers' expectations and elevate customers experience to the next level.

We acknowledge too that human touch, whereby providing professional and personal advisory remain a key element and trust is gained through proper respect and sincere care for each and every customer. Trust will be earned by enhancing your professional standards and today's awards justifies how member companies, through their rank and file, through various training regimes from the executives to the CEOs have worked hand in hand with you to boost their sales force to what it is today.

We, as professionals, have an important task in ensuring that takaful becomes part of every family and individual's financial planning. Yet, many Malaysians remain either underinsured or have inadequate coverage. The onus is on all of us to provide them information, advise and guidance to ensure they are well protected to achieve financial security for their future.

As we celebrate yet another successful 16th NATIONAL AKARD Awards Night, together, we are confident that we will continue to set new standards and deliver long term values to our customers. On that note, on behalf of MTA, kudos to NAMLIFA for organising an extraordinary NATIONAL AKARD Awards Recognition Night and all the best for more successful years ahead.

Encik Muhammad Fikri bin Rawi
Chairman, Malaysian Takaful Association

CEO'S Message

Congratulations to all the AKARD Award Winners. Your achievements are a testament to your continued passion, dedication and commitment that you have shown in your professional career. Your success will inspire your peers to keep raising the benchmark and drive towards greater aspirations so that the entire industry will grow together.

The Government's objective of achieving a 75% life penetration rate in Malaysia by 2020 is driving progressive development and growth in the industry. One of it is the Balanced Scorecard to enhance agency professionalism and productivity levels, and subsequently improve the attractiveness of the industry. But can all of us adapt to it and bring about impactful growth to the industry?

While change can sometimes be uncomfortable, there are also opportunities to be gained. To quote Charles Darwin: 'It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is the most adaptable to change.' We should view the above not just as regulatory requirements, but as an opportunity for us to adapt to 'change' and create the 'opportunity' to deliver a better customer experience through the enhancements in technology, improvements in the quality and delivery of our services, and continuous efforts to build our competencies and knowledge.

Let's bring Malaysia's insurance industry to greater heights!

Yours truly,

Gan Leong Hin
Chief Executive Officer
Prudential Assurance Malaysia Berhad

CEO'S Message

My warmest congratulations to NAMLIFA and the organising committee for hosting a very successful 16th National AKARD awards Recognition Night. To all award recipients, congratulations on your outstanding achievements, hard work, and dedication towards your craft.

In our profession as insurance providers, we have the moral responsibility to help people achieve lifetime financial security through life's important moments and also ensure protection for their loved ones. I believe it is crucial for us to provide outstanding value and make meaningful difference, both in terms of advisory and service, to our clients and the general public in order to increase the overall insurance penetration rate in Malaysia.

Within Sun Life, our agency teams in Asia have an intense focus on clients through our Most Respected Advisor ('MRA') initiative. MRA provides a structured focus for all advisors so that they will become the most respected within the industry and most importantly, in the eyes of the clients. MRA has the embedded core values of Caring, Professional, Inspiring, and Winning to guide insurance advisors through enhanced empowerment, performance, and productivity whilst serving their clients with high quality and holistic advice.

I believe there is definitely more room for growth within the industry and we should continue to seek closer collaborations to optimise and leverage on each other's strengths and experiences. Most importantly, we should continue to work together to produce insurance professionals who are passionate about their career, productive in their outputs, and competitive when it comes to industry standards.

Lastly, congratulations once again to this year's cream of the crop for raising the industry's professional standards. Your excellent performance is a great reflection of the hard work and commitment required for the industry to propel to greater heights.

Thank you and I wish all of you a pleasant evening.

Dear Achievers,

Heartiest congratulations on your achievements.

As this is my first in being able to interact directly with the Top 100 NAMLIFA AKARD awardees, I am delighted in knowing that this recognition is reserved for the best of the best from amongst Malaysian life insurance and family takaful agents.

Qualifying for an award of this stature is a true testament of your perseverance, professionalism and pure dedication to excellence.

At this juncture, I'm proud to personally congratulate MCIS Insurance's Datuk Seri Haji Mohamad Fazil bin Shafie, who will be feted with the AKARD Mega Million Dollar Agency award while several other notable agency leaders will also be walking up the ramp to be duly recognised for their outstanding achievements.

Life insurance professionals such as you who form the lineup of award recipients today, are true leaders whom all of us look up to – the sheer determination and customer-centricity behaviour possessed by each is simply astounding.

Congratulations once again and keep up the good work.

CEO'S Message

Congratulations to NAMLIFA and the organising committee for successfully hosting another National AKARD Awards Night!

This year it brings me great pleasure to celebrate the "Champion of Champions" and wish all the award recipients my utmost congratulations for all that you have achieved. Your hard work and dedication to your purpose has helped make a difference in Malaysia as we continue to reach out to more and more people collectively with the message of financial protection.

Today, insurance and takaful coverage remains an important part of every individual's and family's financial plan. However, Malaysia continues to face a large protection gap with only 54% of the population having life insurance or takaful plans. The low penetration rate provides us with more opportunities to grow as an industry, tapping particularly into the underserved areas in the country.

Let's embrace this responsibility and help as many Malaysians as we can to protect their hopes and dreams, and achieve financial security. We have this great opportunity to make a difference in their lives and that of their loved ones. It is not a role we should take lightly – and together we can continuously challenge ourselves to raise the professional standards and service levels of our industry to continue to secure the future of our country.

Congratulations once again on your success, keep up the good work and I wish you all the best for 2019 and beyond.

Best regards,

Ben Ng
Country Manager, AIA Bhd.

CEO'S Message

It is indeed my pleasure to pen a message for NAMLIFA's 16th National AKARD awards. My recollection of these AKARD recognition has been one that has flourished and grown to a higher level from the one held in the earlier inception days.

It is with great pride and satisfaction that I congratulate the recipients of this year's award who are among the "Champion of Champions" as the theme of this year's recognition night. Today's award ceremony honours individuals, whom, in addition to achieving outstanding achievement in providing services as an insurance intermediary, is making a significant and lasting social impact for Malaysians generally through risk mitigation, a key concept of financial planning. By most yardsticks, all the award recipients are change agents but the bigger picture of making a lasting difference in an individual's life stems from a holistic financial plan. In this regard, we are indeed glad to be working hand-in-hand with NAMLIFA and for this, we are proud to be given the opportunity to help enhance the profile of life insurance field force and family takaful advisors.

We also would like to take the opportunity to mention here that NAMLIFA has featured prominently in the development of MFPC since our formation in the year 2004. We, therefore, wish to thank NAMLIFA for the good support and the continuous mutually beneficial relationship that we have established with them. As in the previous years, I am sure the award recipients at the 16th National AKARD awards recognition night comprise of individuals who are exemplary in their business performance and which clearly qualifies them to be within the cream de la cream in the industry.

Best wishes to all the participants. Hope you would all have another very fruitful event.

Thank You

The Story of AKARD

It was told in an ancient Babylonian clay tablet some five thousand years ago the story of a man, who through self-discipline and prudent management of his money, learns the magic of compounding interest from his regular saving and reinvesting a percentage of his income. Wise as he was, in the art of wealth accumulation and wealth preservation, he became the richest man in Babylon during his lifetime. This man was AKARD, who was trusted by the good King Sargon to teach the people of Babylon the art of accumulating wealth.

Inspired by this story, NAMLIFA recognizes the role played by Life Assurance Professionals and Financial Advisors in helping people to plan and accumulate wealth for their future and their loved ones and at the same time, utilizing the Magic of Life Assurance to create an umbrella to shield and protect against the loss of the human economic value. Thus, the introduction of the AKARD Award in year 2004 where members who are eligible for membership to this elite club which represents 5% of the top producers in the industry.

AKARD PERSONAL AWARD

This award is in recognition of individuals, who help people to acquire the art of wealth accumulation, preservation and distribution.

AKARD LEADERS' AWARD

This award is in recognition of Leaders, who share their abundant passion, knowledge and skills, to build individuals to become successful Life Insurance professionals and/or Financial Advisors.
